

Please read this important announcement!

We are committed to going the extra mile to make sure everyone has a great experience! The ALL NEW Dean and Barbara White Community Center is 94,000 square feet and has a state of the art hospital grade plasma air purification system.

All participants please help make sure everyone has a great time and respect each other's space and per ATA rules, please wear a mask.

We are asking everyone to please limit attendance and keep the number of spectators to a minimum. Prior to entering the facility, everyone will be subject to temperature screenings and everyone in attendance must wear a mask (Competitors may remove their mask during competition). Should anyone report they are feeling ill, we will have a designated quarantine area on site.

Most importantly, we are asking anyone who is not feeling well to stay home!

We have modified the event layout for social distancing and staggered competition times to reduce the number of attendees in the facility at one time. Frequently touched surfaces and objects will be cleaned and disinfected on a regular basis. We will also broadcast announcements throughout the day reminding everyone of the above.

We will have a healthy stockpile of prevention supplies such as hand sanitizer, soap and face masks available, and signs will be posted at the entrances and restrooms to encourage protective measures.

Thank you for your patience. We can't wait to see everyone!

Sincerely,

The Tournament Hosts for Region 102w
